

EL.TRAFO ZERO 105

Primary voltage	230V 50/60Hz
Secondary voltage	11,5Vrms
Rated power, halogen lamps	0-105VA/W
Rated power, 12 VAC LED-lamps. Think of that, depending on the make, the LED can consume up to the double rated power (reactive power).	0-105VA
Rated current, primary	0,46A
Ambient temperature	+40oC
Tc-temperature	75oC
Primary connection	Screw terminal 2,5 mm2
Secondary connection	Screw terminal 2,5 mm2
Protection against	
- Short circuit with automatic reset	Yes
- Overload with auto. recovery	Yes
- Overheating with automatic reset	Yes
Protection class	II
IP-class	IP20
Approved for installation on furniture	Yes
Dimmable with rear and front edge dimmer	Yes
CE marked	Yes
