

CEILING CUP WITH 3 OUTLETS WH

The ceiling cup can be used to mount three Wirkkala K2 luminaires into a group that suits your interior decoration. You create different types of luminaire groups by adjusting the length of the leads. You can also place the luminaires at different heights in relation to each other. The three spreaders on the ceiling cup ensure that the luminaires are at a safe distance from each other. The technical parts of the luminaires fit inside the ceiling cup. Connect the ceiling cup's hook to the ceiling box hook and tighten without screws. The package includes a metal fastener for attaching the cup to the ceiling box.

Steel body.

Available in three colours: black, white and stainless steel.

Spring terminal blocks for three or four lighting cables and plugs, 2 x 0.75 mm², max. ø 6 mm.

Comes with surface mounting accessories for mounting on a ceiling socket's hook or on the ceiling.

For indoor use only.

Material BODY MADE OF METAL

Child safe No
